Feed Dust Explosion Prevention Guide

A guide to preventing dust explosions in feed handling, grinding and storage. Mill workers use it to learn the main hazards and basic control steps.

Farm / unit: _____ Date: _____ By: _____

1. Learn where combustible dust collects
2. Keep surfaces and equipment clean
3. Control ignition sources
4. Maintain dust collection systems
5. Inspect and service motors and bearings
6. Use permits for hot work
7. Train workers on the hazards
8. Review plans with safety professionals

YOUR NOTES

TIP Follow OSHA combustible dust guidance and ask your insurer or fire department for facility specific advice.
