# Feed Nutrition Coloring Pages

A set of coloring page outlines on feed and nutrition scenes. Parents and teachers use them with young children to talk about what farm animals eat.

Farm / unit: _____ Date: _____ By: _____

## Cow eating hay

## Chicken at a feeder

## Pig at a trough

## Horse with a hay net

## Sheep grazing pasture

## Goat with a mineral block

## Farmer with feed scoop

## Water trough scene

**TIP** Chat about what each animal eats as children color, and keep safety rules around real feed in mind.
