Feed Shortage Decision Worksheet

A worksheet for deciding what to do when feed runs short. Farm managers use it to compare options such as buying feed, reducing herd size or changing rations.

Farm / unit: _____ Date: _____ By: _____

Feed shortage and how it was found _____

Animals affected and their needs _____

Current supply and days remaining _____

Options available _____

Cost and risk of each option _____

Effect on animal health and output _____

Decision and who made it _____

Follow-up date _____

NOTES / CALCULATIONS

TIP Talk to your veterinarian and nutritionist before changing a ration in a hurry.
