Feed & Water Emergency Plan

An emergency plan template for feed and water supplies on a livestock farm. Owners use it to prepare for storms, outages, floods and shortages.

Farm / unit: _____ Date: _____ By: _____

Animals and group needs

Feed on hand and backup suppliers

Water sources and backup options

Power backup for pumps and mixers

Contacts for help

Evacuation or shelter plan

Roles for each worker

Plan review dates

TIP Practice parts of the plan and share it with family, staff and neighbors who might help.
