FFA Agronomy CDE Study Guide

Study guide for FFA Agronomy events that helps members organize topics like crops, soils, weeds, and plant growth, using the official event handbook and local extension materials.

Farm / unit: _____ Date: _____ By: _____

1. Review the official event handbook
2. Study major local crops
3. Learn plant growth stages
4. Study soil types and fertility
5. Review weed and pest identification
6. Learn seed and grain identification
7. Study crop management basics
8. Take practice exams
9. Note weak areas to revisit

YOUR NOTES

TIP Use your county extension office and field visits to practice identifying real plants and soils.
