FFA Supervised Agricultural Experience (SAE) Handbook

Handbook outline for Supervised Agricultural Experience programs that helps students and advisors organize project types, planning steps, records, and reviews in one printable reference for the year.

Farm / unit: _____ Date: _____ By: _____

1. Learn the SAE project types
2. Choose a project idea
3. Meet with your advisor
4. Write a simple plan
5. Set up your record system
6. Log hours and activities
7. Review progress each month
8. Share results with the chapter
9. Plan next year's improvements

YOUR NOTES

TIP Review the handbook with your advisor at the start of each term and update your plan as the project grows.
