Agroforestry Forage Guide

A guide to forage in agroforestry systems, covering species, layout and management for producers combining trees and crops. Use it as a reference in the field or office, and adapt the steps to your own operation.

Farm / unit: _____ Date: _____ By: _____

1. Define goals and layout
2. Pick compatible tree species
3. Choose shade tolerant forage
4. Prepare the site
5. Plant trees and forage
6. Manage grazing timing
7. Protect trees from animals
8. Monitor and adjust

YOUR NOTES

TIP Contact NRCS and your extension office for local agroforestry advice.
