Cover Crop Grazing Calculator

A calculator worksheet for grazing cover crops, helping farmers estimate grazing days from cover crop yield and herd needs. Work through it top to bottom, using your own records, and revisit it when conditions change.

Farm / unit: _____ Date: _____ By: _____

Field and acres _____

Cover crop type _____

Estimated forage yield _____

Share left in the field _____

Herd class and size _____

Daily forage need _____

Grazing days available _____

Notes on adjustments _____

NOTES / CALCULATIONS

TIP Check local guidance on cover crop grazing and herbicide label limits.
