Native Grass Establishment Guide

A guide to establishing native grasses, from site preparation to follow-up, for landowners and graziers. Work through the steps in order, and keep notes on what you decide for future reference.

Farm / unit: _____ Date: _____ By: _____

1. Choose species suited to the site
2. Prepare the seedbed
3. Control weeds before seeding
4. Obtain quality seed
5. Calibrate the native seed drill
6. Seed at the right time
7. Manage weeds after seeding
8. Record stand progress

YOUR NOTES

TIP Ask NRCS or your extension office for local species lists and seeding guides.
