Wildlife Food Plot Planning Guide

A guide to planning wildlife food plots, covering site, species, planting and care, for landowners. Work through the steps in order, and keep notes on what you decide for future reference.

Farm / unit: _____ Date: _____ By: _____

1. Set goals and target wildlife
2. Choose a site
3. Test soil
4. Pick species
5. Prepare the seedbed
6. Plant at the right time
7. Control weeds per label
8. Record results

YOUR NOTES

TIP Check state wildlife agency rules on baiting and food plots.
