Aspen Management Guide

An aspen management guide for owners of aspen stands. It lists steps for checking stand age, planning harvest, and encouraging suckering.

Farm / unit: _____ Date: _____ By: _____

1. Map the aspen stand
2. Check stand age and health
3. Note ground conditions
4. Set management goals
5. Plan harvest timing
6. Consider wildlife needs
7. Protect new suckers
8. Plan access and soil care
9. Review regrowth later

YOUR NOTES

TIP Ask your forester about harvest timing and sucker response, since aspen stands regrow in particular ways.
