Cypress Management Guide

A cypress management guide for owners of cypress stands in wet ground. It lists steps for checking stands, protecting water, and planning work.

Farm / unit: _____ Date: _____ By: _____

1. Map the cypress stands
2. Assess water levels
3. Check tree health
4. Note regeneration
5. Plan harvest carefully
6. Protect wetland soil
7. Control invasive plants
8. Plan replanting
9. Review the stand each year

YOUR NOTES

TIP Check wetland and permit rules before any cutting or site work in cypress areas.
