Forest Fire Prevention Plan

A forest fire prevention plan template for woodland owners. Use it to describe fire risks, preventive work, contacts, and responsibilities before a fire starts.

Farm / unit: _____ Date: _____ By: _____

Property description

Main fire risks

Access and water sources

Fuel reduction work

Firebreak locations

Equipment on hand

Neighbor and agency contacts

Seasonal restrictions

Plan review schedule

TIP Share your plan with the local fire department and state forestry agency so responders know your access routes.
