Forest Stand Mapping Template

A forest stand mapping template for sketching the boundaries and key features of each stand. Use it to divide a property into units that share similar trees, soils, and age.

Farm / unit: _____ Date: _____ By: _____

Property boundary

Stand numbers

Dominant species by stand

Stand age class

Roads and landings

Streams and wet areas

Steep or sensitive ground

Legend and north arrow

Map source and date

TIP Start from an aerial photo or soil map and check your stand lines on the ground before finalizing.
