Forestry Emergency Plan

A forestry emergency plan template for crews and landowners. Use it to describe who does what, who to call, and where to meet if something goes wrong.

Farm / unit: _____ Date: _____ By: _____

Site address and directions

Emergency contacts

Crew roles

Communication methods

Meeting points

Medical response plan

Fire response plan

Equipment shutdown steps

Plan review and drills

TIP Share the plan with every worker and practice it, so people know what to do under stress.
