# Redwood Management Guide

A redwood management guide for owners of coastal redwood stands. It lists steps for stand checks, protection, and planning work.

Farm / unit: _____ Date: _____ By: _____

1. Map the redwood stands
2. Check tree health
3. Note sprouting and regeneration
4. Assess fire and fog conditions
5. Plan thinning
6. Protect streams and soil
7. Check state forestry rules
8. Plan access
9. Review the stand each year

**YOUR NOTES**

**TIP** Check state forest practice rules before any cutting, since redwood work is often tightly regulated.
