Upland Oak Management Guide

An upland oak management guide for owners of oak woodlands. It outlines steps for assessing stands, helping oak regeneration, and planning work.

Farm / unit: _____ Date: _____ By: _____

1. Map the oak stands
2. Assess oak health
3. Check oak regeneration
4. Note competing species
5. Plan thinning or openings
6. Consider prescribed fire advice
7. Protect acorns and seedlings
8. Plan harvests carefully
9. Review the stand each year

YOUR NOTES

TIP Ask your state forester about oak regeneration, since it takes planning and often several years of preparation.
