General Farm & Ranch Operations | WORKSHEET

Farm Field Condition Assessment

A farm field condition assessment worksheet for recording what you see in a field, including soil, crop stand, drainage and trouble spots, so decisions rest on written observations.

Farm / unit: _____ Date: _____ By: _____

Field name _____

Date and weather _____

Crop or cover present _____

Soil surface condition _____

Standing water or ruts _____

Weed pressure noted _____

Pest or disease signs _____

Erosion spots _____

Access or gate issues _____

Follow-up needed _____

NOTES / CALCULATIONS

TIP Photograph trouble spots and add a short note so you can compare the same field next season.
