Farm Workflow Diagram Template

A farm workflow diagram template for mapping each step of a repeated job, such as milking, packing or harvest, so the crew can see the order, handoffs and bottlenecks.

Farm / unit: _____ Date: _____ By: _____

Process name

Starting trigger

Step by step actions

Who does each step

Tools and space used

Decision points

Handoffs between people

Bottlenecks noted

Quality or safety checks

Ideas for improvement

TIP Draw the process with the people who actually do the work, not just the manager.
