Carrot Production Guide

A production guide for carrot growers. It covers seedbed prep, sowing, weed control, and harvest so you can capture lessons about soil and variety. Fill it in by hand and file it so you can compare notes year to year.

Farm / unit: _____ Date: _____ By: _____

1. Choose varieties for your soil
2. Prepare loose, stone-free soil
3. Sow in prepared rows
4. Keep seedbed evenly moist
5. Thin seedlings carefully
6. Control weeds while small
7. Watch for pests and disease
8. Harvest, wash, and cool roots

YOUR NOTES

TIP Carrots depend on a fine seedbed, so write down how your soil prep affected germination.
