CSA Share Planning Worksheet

Plan a CSA share program from crops to pickups. Farmers use it to match crop plans to member numbers, share contents, and delivery needs. Fill it in by hand and file it so you can compare notes year to year.

Farm / unit: _____ Date: _____ By: _____

Number of members and share types _____

Season start and end _____

Crops planned by week _____

Backup crops for shortfalls _____

Pickup or delivery plan _____

Packing and storage needs _____

Member communication plan _____

Season review notes _____

NOTES / CALCULATIONS

TIP Plan with a buffer for crop failures, and record what members liked at season end.
