Grape Production Guide

A production guide for grape growers. It covers variety choice, vineyard setup, training, pruning, pest watch, and harvest, with space for your own records. Use a fresh copy each season and keep old ones for comparison.

Farm / unit: _____ Date: _____ By: _____

1. Choose varieties for local climate
2. Pick a well-drained, sunny site
3. Install trellis and posts
4. Plant certified vines
5. Train and prune by system
6. Manage canopy for airflow
7. Scout for disease and pests
8. Harvest at ripeness for use

YOUR NOTES

TIP Check local advice on varieties and winter hardiness, and record vine age and training system for each block.
