Horticulture Farm Sustainability Assessment

Use this worksheet for a sustainability assessment of a horticulture farm. It helps you review soil, water, energy, people, and profit. Print a copy for each season and keep the filled pages with your farm records.

Farm / unit: _____ Date: _____ By: _____

Soil health practices _____

Water use and quality _____

Energy use and notes _____

Biodiversity and habitat _____

Labor and community _____

Financial health and notes _____

Strengths and gaps _____

Goals for next year _____

NOTES / CALCULATIONS

TIP Choose a few goals each year and record progress so changes can be tracked.
