Kale Production Guide

A production guide for kale growers. It outlines planting, spacing, care, and harvest for market and home kale, with space for your own variety notes.

Farm / unit: _____ Date: _____ By: _____

1. Choose varieties for your market
2. Start transplants or sow direct
3. Prepare fertile, well-drained soil
4. Space plants for airflow
5. Water and feed per soil test
6. Scout for cabbage worms and aphids
7. Harvest outer leaves regularly
8. Cool and bunch quickly

YOUR NOTES

TIP Record which varieties handle heat and cold best at your site for next season.
