Lettuce Production Guide

A production guide for lettuce growers, including leaf, romaine, and head types. It lays out planting, care, harvest, and cooling steps to keep quality high.

Farm / unit: _____ Date: _____ By: _____

1. Choose types for each season
2. Start in cool conditions
3. Thin or space plants evenly
4. Water often but lightly
5. Watch for bolting in heat
6. Scout for aphids and disease
7. Harvest in the cool of day
8. Cool and pack quickly

YOUR NOTES

TIP Succession plant on a schedule you write down so you do not run short or have too much at once.
