Raspberry Production Guide

A production guide for raspberry growers. It covers trellising, planting, pruning, and harvest, with room for your records on varieties and field care. Print a copy for each season and keep the filled pages with your farm records.

Farm / unit: _____ Date: _____ By: _____

1. Choose summer or fall-bearing types
2. Buy certified, virus-free plants
3. Prepare well-drained soil
4. Install trellis or support
5. Prune canes by type
6. Water and mulch rows
7. Scout for pests and cane disease
8. Pick often and chill fast

YOUR NOTES

TIP Pruning depends on the bearing type, so label rows clearly and write down your pruning dates.
