Vegetable Garden Planning Worksheet

Use this worksheet to lay out a vegetable garden before planting season. Home and market gardeners can map beds, pick crops, and plan space and timing on paper first.

Farm / unit: _____ Date: _____ By: _____

Garden site and bed names _____

Sun exposure and drainage notes _____

Crops chosen for each bed _____

Varieties and seed sources _____

Planting dates by crop _____

Spacing plan per bed _____

Water source and access _____

Notes from last season _____

NOTES / CALCULATIONS

TIP Fill it in during winter, then keep a copy in the garden shed so you can compare plans with what actually happened.
