Gravity Wagon Inspection Form

An inspection form for gravity wagons that records the running gear, tongue, tires, and unloading gate condition so each wagon is safe and ready for field or road use.

Farm / unit: _____ Date: _____ By: _____

Wagon name or number _____

Inspector name and date _____

Tongue and hitch condition _____

Running gear and axle condition _____

Tires and wheel bolts checked _____

Brakes if equipped checked _____

Gate and slide operate smoothly _____

Box and welds free of cracks _____

Lights and reflective tape present _____

Repairs needed and assigned to _____

NOTES / CALCULATIONS

TIP Check the tongue and running gear at every service, since a failed hitch on a loaded wagon is very dangerous.
