Machinery Breakdown Emergency Plan

A breakdown emergency plan template for farm machinery that outlines who to call, how to secure the site, and how to get the job back on track.

Farm / unit: _____ Date: _____ By: _____

Purpose and machines covered

Who makes the decisions on site

Steps to make the machine safe

Steps to mark and secure the area

Dealer and mechanic contacts

Backup machine or custom hire options

Fuel and tools to keep on hand

Steps for field recovery or towing

Report and record of what happened

TIP Share the plan with all operators and update it after each breakdown to include what you learned.
