# Planter Seed Metering Calibration Log

A calibration log for planter seed metering, recording meter type, plate or disc choice, and test results to confirm the planter drops seed as expected.

Farm / unit: _____ Date: _____ By: _____

| Date | Planter | Crop and hybrid | Meter setup | Test result | Initials |
|---|---|---|---|---|---|
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
