Machinery & Equipment | LOG

Tractor 50-Hour Maintenance Log

A tractor maintenance log for recording each scheduled interval service on the hour meter, so operators and mechanics can see what was done, what parts went in, and what comes next.

Farm / unit: _____ Date: _____ By: _____

Date	Hour meter	Service done	Parts used	Cost	Initials

TIP Keep this log in the tractor cab and fill it out right after each service so the next interval is easy to spot.
