Agritourism Risk Management Plan

An agritourism risk management plan template for farms with visitors. It records hazards, controls, staff roles, and emergency steps so everyone knows what to do when something goes wrong.

Farm / unit: _____ Date: _____ By: _____

Farm and activity overview

Hazards identified

Controls and safeguards

Staff roles and training

Visitor rules and signs

Emergency contacts

Incident reporting steps

Insurance information

Plan review schedule

TIP Walk through the plan with every seasonal worker before opening day and update it after any incident.
