CSA Crop Planning Worksheet

A CSA crop planning worksheet for farmers matching crop choices to weekly share contents. It helps balance variety, harvest timing, and planting dates across the whole membership season.

Farm / unit: _____ Date: _____ By: _____

Crop name _____

Planting method _____

Planting dates _____

Expected harvest window _____

Weeks it appears in shares _____

Share variety goal _____

Succession planting notes _____

Storage or post-harvest notes _____

Backup crop if it fails _____

NOTES / CALCULATIONS

TIP Plan a few extra crops as backups so a failed planting does not leave a hole in the box.
