Farm Shipping & Packaging Guide

A farm shipping and packaging guide for farms mailing food and goods to customers. It lists steps from choosing a carrier to packing, labeling, and handling damage claims.

Farm / unit: _____ Date: _____ By: _____

1. Check food shipping rules for your product
2. Compare carriers and services
3. Choose boxes and padding
4. Pick cold packs or insulation if needed
5. Pack to limit movement
6. Label boxes clearly
7. Set ship days to avoid weekend delays
8. Share tracking with customers
9. Handle damage claims promptly

YOUR NOTES

TIP Ship test boxes to a few friends in different places and learn how products arrive before you sell widely.
