Farm-to-School Menu Planning Template

A farm-to-school menu planning template for farms and school nutrition staff planning seasonal produce for school meals. It lines up crops, timing, and quantities with menu needs.

Farm / unit: _____ Date: _____ By: _____

School and contact names

Menu period covered

Items the school wants

Crops the farm can supply

Harvest and delivery timing

Product size and pack

Food safety requirements

Price and payment terms

Follow-up and feedback plan

TIP Meet with the school nutrition director before planting so crop plans match menus and bid rules.
