Farm Wholesale Recall Plan

A farm wholesale recall plan template for farms that sell to stores or distributors. It sets out who to call, how to trace products, and how to communicate if a product must be pulled.

Farm / unit: _____ Date: _____ By: _____

Recall team and contacts

How products are traced by lot

Steps to stop shipments

List of buyers to notify

Agency contacts to notify

How to collect returned product

Message for customers

Record of actions taken

Plan review after practice

TIP Practice a mock recall once a year to see how fast you can trace a lot to its buyers.
