U-Pick Crop Planning Worksheet

A U-pick crop planning worksheet for growers deciding what to offer pick-your-own customers. It ties crop choice, planting dates, and field layout to picking season and visitor safety.

Farm / unit: _____ Date: _____ By: _____

Crop and variety _____

Field location _____

Planting dates _____

Expected picking window _____

Row spacing for easy access _____

Picking container type _____

Parking and restroom plan _____

Staff needed on picking days _____

Backup plan for bad weather _____

NOTES / CALCULATIONS

TIP Choose crops that ripen over a long window so customers have something to pick for many weeks.
