Corn Smut Assessment Form

This corn smut assessment form lets you record where smut galls appear, how many plants are affected and conditions at the time, to understand patterns across fields.

Farm / unit: _____ Date: _____ By: _____

Field and hybrid _____

Date and scout _____

Growth stage _____

Plants affected _____

Galls on ears or stalks _____

Hail or injury history _____

Weather notes _____

Notes for next season _____

NOTES / CALCULATIONS

TIP Record smut with field history, since injury to plants can raise the chance of infection.
