Disease Resistant Variety Selection Worksheet

Use this disease resistant variety selection worksheet to compare crop varieties by their resistance to the diseases that hit your farm, so you pick seed with fewer disease risks.

Farm / unit: _____ Date: _____ By: _____

Crop and field _____

Main diseases in past seasons _____

Varieties being considered _____

Resistance ratings from the seed source _____

Yield and quality notes _____

Local trial results _____

Seed availability _____

Variety chosen and reason _____

NOTES / CALCULATIONS

TIP Check resistance claims against local extension trial results before ordering seed and keep notes on how each one performed.
