Drift Reduction Adjuvant Log

This drift reduction adjuvant log lets applicators record products used to cut spray drift, with nozzle, weather and results, so settings can be reviewed. It suits farm owners, scouts and crew who want a consistent written record.

Farm / unit: _____ Date: _____ By: _____

Date	Product	Adjuvant	Nozzle	Wind	Initials

TIP Adjuvants help but do not replace good weather judgment, so follow the label limits on wind and buffers.
