Fungicide Application Decision Worksheet

This fungicide application decision worksheet helps you weigh disease pressure, crop stage and weather before deciding whether a fungicide treatment is needed. It suits farm owners, scouts and crew who want a consistent written record.

Farm / unit: _____ Date: _____ By: _____

Field and crop stage _____

Disease being watched _____

Scouting results summary _____

Forecast or weather risk _____

Variety resistance level _____

Treatment options per label _____

Cost compared with risk _____

Decision and date _____

NOTES / CALCULATIONS

TIP Use this alongside extension recommendations and the product label, and write down the reason for your decision.
