IPM Scouting Form for Field Crops

This IPM scouting form for field crops gives scouts a consistent place to record what they find in each field, so treatment decisions rest on written observations rather than memory.

Farm / unit: _____ Date: _____ By: _____

Field name and crop _____

Scout name and date _____

Growth stage of crop _____

Pests found and where _____

Plant damage observed _____

Beneficial insects seen _____

Weed pressure notes _____

Weather at time of scouting _____

Recommended follow-up _____

NOTES / CALCULATIONS

TIP Walk the same route each visit and note the spot you sampled so results compare cleanly from week to week.
