Pest Management Annual Budget

Use this pest management annual budget to plan expected costs for scouting, products, labor, equipment and training, so spending is planned before the season starts.

Farm / unit: _____ Date: _____ By: _____

Crops and acres covered _____

Scouting costs _____

Product costs _____

Equipment costs _____

Labor costs _____

Training and license costs _____

Contingency for outbreaks _____

Total and review date _____

NOTES / CALCULATIONS

TIP Compare the budget with actual spending at season end and adjust next year's plan.
