Pest Management Field Day Planning Guide

This pest management field day planning guide helps you organize an educational event, with sections for goals, stops, speakers, safety and follow up. It suits farm owners, scouts and crew who want a consistent written record.

Farm / unit: _____ Date: _____ By: _____

Goals for the field day

Date and location plan

Audience and invitations

Stops and topics

Speakers and partners

Safety and parking plan

Handouts and materials

Follow up and feedback

TIP Work with your extension office, who can help with speakers, outreach and pesticide credits where available.
