Pest Management Plan for Organic Certification

Use this pest management plan for organic certification template to outline how you prevent and control pests without banned inputs, with sections for practices, inputs and records.

Farm / unit: _____ Date: _____ By: _____

Operation and crops covered

Pest prevention practices

Monitoring methods

Habitat and cultural controls

Approved inputs list

Records to be kept

Contamination and drift controls

Review and sign off

TIP Share the draft with your certifier early, since requirements differ by certifier and crop.
