Plant Disease Sample Submission Guide

Use this plant disease sample submission guide to prepare, pack and ship plant samples to a diagnostic lab so they arrive in good shape and with the right information.

Farm / unit: _____ Date: _____ By: _____

1. Choose fresh samples showing symptoms
2. Include healthy and affected tissue
3. Place samples in clean bags
4. Label each sample clearly
5. Keep samples cool during transport
6. Fill out the lab submission form
7. Ship quickly per lab directions
8. Record the sample number

YOUR NOTES

TIP Check the lab's own instructions and fees first, since each diagnostic clinic has its own sample rules.
