# Resistant Variety Trial Template

This resistant variety trial template helps you set up a simple on farm test of varieties against disease, with sections for design, records and results.

Farm / unit: _____ Date: _____ By: _____

## Trial purpose and crop

## Varieties tested

## Field and layout sketch

## Planting dates

## Management applied equally

## Scouting and rating dates

## Disease and yield results

## Conclusions and next steps

**TIP** Keep the same management for every variety and repeat strips if you can, so differences are fair.
