Scouting Training Manual for Farm Workers

This scouting training manual for farm workers outlines how to teach new crew members to scout a field, find pests and record what they see in a consistent way.

Farm / unit: _____ Date: _____ By: _____

1. Explain why scouting matters
2. Show the scouting tools
3. Teach the field walking pattern
4. Show how to look at plants
5. Teach how to count and record
6. Show pest and beneficial examples
7. Explain who to tell about problems
8. Practice together and review results

YOUR NOTES

TIP Walk a field together first, then let the new scout work alone while you check their notes.
