Spray Window Decision Worksheet

This spray window decision worksheet helps you work through weather, crop and field checks before you decide to spray or wait, so the decision is on paper.

Farm / unit: _____ Date: _____ By: _____

Field and product _____

Label weather limits noted _____

Current wind conditions _____

Rain forecast _____

Temperature and humidity _____

Sensitive areas nearby _____

Crop and pest stage _____

Decision and who made it _____

NOTES / CALCULATIONS

TIP Read the label for weather limits before you leave for the field, and note why you chose to wait if you did.
