Weed Mapping Template

Use this weed mapping template to sketch field boundaries and mark weed patches each season, helping you target control and watch whether patches grow or shrink.

Farm / unit: _____ Date: _____ By: _____

Field name and size note

Map legend and symbols

Field boundary sketch

Weed species by patch

Patch density notes

Control used by patch

Survey date and scout

Comparison with last season

TIP Walk the field on a similar date each season and mark patches with the same symbols.
